The Patient Experience 2018

Keeping it Personal: A Cornucopia of Insights and Strategies for Excellence in Patient Experience and Employee Engagement

November 7, 2018

The Log Cabin Banquet & Meeting House
Holyoke, MA

Baystate Health

Together we deliver a higher state of caring.™

Objectives

WHY ATTEND?

Healthcare organizations and individuals face many challenges when seeking to attain and sustain outstanding/exceptional patient experience and workplace satisfaction. By attending this year's conference you will learn strategies and practices that foster person-centered excellence, promote positive relationships, and rejuvenate your passion for working in healthcare.

GOAL: The goal of this educational activity is to support efficient, effective, compassionate, patient-centered care that benefits the individual patients and the communities we serve.

AUDIENCE: This course is designed for healthcare providers in all disciplines and specialties, and patient and family advisory council (PFAC) members and administrators.

OBJECTIVES:

By participating in this educational activity, you should be able to:

1. Apply the art of bringing kindness to someone in a matter of seconds, regardless of how busy you are.
2. Articulate how patients are deeply impacted by receiving compassionate care even if they are not responding verbally with gratitude.
3. Identify the relationship between compassion, kindness and satisfaction of people you are serving.
4. Recognize the power you have to transform patient lives.
5. Apply tactics for using shared decision-making and promoting shared decision-making practices.
6. Describe what shared decision-making is and how it affects the patient experience.
7. Explain the challenges to using shared decision-making in clinical care, as well as provider and patient's perspectives.
8. Discuss challenges that patients and families face when receiving information from healthcare facilities and medical providers.
9. Identify resources that enhance patient comprehension and compliance of their medical condition.
10. Locate sources of reliable, accurate and unbiased clinical information tailored to the patients' needs and spoken language.
11. Develop skills of perception and expression through reading and writing exercises.
12. Discuss a group poem that is the compilation of healthcare experiences and insights.
13. Identify how both reading and writing poetry contribute to resilient thinking.
14. Articulate the types of resources that should be provided to assist Deaf and Hard of Hearing Patients.
15. Recognize the risks of failing to provide adequate assistive aids and services for the Deaf and Hard of Hearing in the health care setting.
16. Prioritize areas of high value in need of change in their workplace setting.
17. Recognize that passionate problem solving drives positive change and engages an entrepreneurial mindset to create systematic change.
18. Discuss how the various tools presented today will enhance their practice.
19. Identify resources that apply in your practice setting.

KEYNOTE SPEAKER

Allison Massari, MFA

Prepare to be taken on a journey! Allison offers real solutions to the struggle of how to keep the patient first despite limited time and other practical constraints. By weaving her remarkable journey with potent life-lessons, Allison highlights the integral nature of patient-centered care and fortifies audience members, reigniting their passion for why they went into healthcare in the first place.
